Motor Busses for South Side Sunday

The Chicago Motor Coach company, which has received a certificate for operation of a line of motor busses for the south side, promise to have some of them in operation by Sunday the 15th. They plan to put on but a few busses to begin, and will gradually increase them to the number of fifty. Several routes are planned, one to Garfield blvd. by way of Michigan ave., then west to Normal blvd. and south to Marquette rd., west to Loomis blvd. and north to Garfield. Another route is east from Michigan blvd. to Washington and Jackson parks and the lake front and beaches. The fare to the city will be ten cents, the same as the Elevated. The new busses are to be of several different patterns, but the double deckers will be run wherever possible, only in the outlying districts that will be taken up later. Single deck one man busses will be run. The patterns are said to be much superior to those now in operation on the north side.

The first route will be the one south on Michigan ave. to Garfield blvd., thence east to Jackson park. The Englewood lines will be in operation probably by the last of the month.

New Administration Monday

On Monday next, the 16th, the new administration will take charge of the affairs of the city, and the new city council will be organized. The aldermen who will represent the Englewood districts are: 16th ward, Terrence Moran; 17th ward, John H. Lyle; 18th, P. H. Ryan and 19th, Donald McKinlay. Every confidence is placed in Mayor Dever and it is promised that it will be a non-partisan administration. The aldermen are representative of our interest. Lyle and Moran are old members and wise to the ropes, and Ryan and McKinlay are bright young fellows who will be heard from favorably we feel sure. We wish them all successful careers and only hope that they may carry out the good promises they made to the voters in their respective campaigns.

Don't Expect Too Much of New Officials

It is on the program to inaugurate the new officials, mayor and aldermen, next Monday. While we have every reason to believe that we will have a great improvement in city affairs, we must consider that it will take time to bring about the many reforms needed. In many cases it will be a change of the heads of departments, and the new officials must accustom themselves to their new duties, and know just what they can do. Our new city council will have the benefit of many old members, but some of the old spoilsmen are still in that body, and with their knowledge of legislation can do much to retard improvements or changes of any kind, but when the time does come, the people will demand of the new administration, all of the reforms promised in the pre-election pledges. It will not do to pass them up as "bunk." The people of Chicago have proven that they are in earnest, and woe betide the man who tries to dodge or ignore his promises to give us a cleaner and better administration, to wipe out graft, to put an end to the loafing of employes, and to get an honest day's work of every employe who receives an honest day's pay of the city.

To Take the "Kink" Out of Normal Blvd.

The South Park board will use a part of the bond issue voted last week to purchase necessary property between 65th st. and Marquette rd., alongside of Normal blvd., to straighten out the two dangerous turns at 65th st. and at Marquette rd. Several plans are under discussion, but the one most favorably received is to make a circular detour that will leave room for a pretty parterre between the north and south drives.

Long Distance Telephone Calls at Low Rates

ON many long distance telephone calls the party wanted is present and therefore reached promptly at the number or location called. Had the call been made by number or by giving the name of the subscriber at whose telephone you expect to reach your party, and without asking for a particular person wanted, that person might have been reached just the same.

This fact, proved by our long experience, has suggested a class of long distance service, which we call "station-to-station" service, and which we are able to supply at about twenty per cent less than the ordinary, or "person-to-person" service.

In many cases it is not necessary to talk to a particular person. The business can be transacted with some one else, or a message which meets the purposes of the call can be left.

On social calls, particularly home calls, it is often just as satisfactory to talk to any one who may be at home.

"Station-to-station" calls meet all these situations and many others. We suggest that you study your long distance telephone requirements with a view to using this service.

The rates for "station-to-station" calls are about twenty per cent lower than for "person-to-person" calls. During the evening (8:30 P.M. to midnight), a still further reduction is made on "station-to-station" calls. From midnight to 4:30 A.M. the night rate on "station-to-station" calls is about one-fourth the day rate. (The minimum reduced rate on these messages is 25 cents).

To make a "station-to-station" call, ask the operator for "long distance" and when "long distance" answers, give her your name and telephone number and tell her you wish to make a "station-to-station" call to—(giving first the distant city or town and then the telephone number). If you do not know the number give the name and address under which the telephone probably is listed. It will then be understood that you will talk to any one who answers. The charge begins when the distant telephone is answered.

For further information call "Long Distance" who will quote "station-to-station" rates to any point.

4 NEW RECORDS FROM "WILLIAM TELL"

ALDA, FRANCES

66134 William Tell—Selva opaco (Act II) (Deep Shaded Forest) In Italian—Rossini—10-in., list price, $1.25.

Mme. Alda's number is Matilda's Romance from Act II, in which the girl confesses to the silent hills her love for Arnold. It may be described as a lyric-coloratura number, for despite its brilliancies, the lyric spirit prevails. It is a gently flowing, somewhat pastoral melody, sung in flexible, clear, flute-like soprano, with unexpected chromatic turns, bright bits of embellishment and descents over wide vocal intervals. At the close is a deftly-run cadenza.

DE LUCA, MARDONES, MARTINELLI

95213 William Tell—Troncar suoi di (Act II) (His Life Basely Taken) In Italian—Rossini—12-in., list price, $2.50.

This is the great trio. The tenor, Martinelli, the Arnold of the opera.

MARTINELLI, GIOVANNI

74800 William Tell—O muto asil del pianto (Act IV) (Oh, Blessed Abode) In Italian—Rossini—12-in., list price, $1.75.

Arnold has come to bid farewell to his home before returning to the cause of liberty. Not knowing Tell has been captured, he for the time yields to his own sorrows; for the little house was the home of his father. The number is an impassioned lyric, pitched very high in the tenor range. In the closing cadenza, a C flat is heard, clear, powerful and ringing.

DE LUCA, GIUSEPPE

66133 William Tell—Resta immobile (Act III) (Flinch Not, Nor Stir a Limb) In Italian—Rossini—10-in., list price, $1.25.

De Luca's is that of the scene where Tell is commanded by Gessler to shoot the apple from the head of his son. He already has concealed a second arrow for Gessler in the event of failure. In the first recitative he calls the boy to him, and then, after a string introductory passage, he adjures him to remain firm. As the number proceeds—you can feel it—his own eye and brain and hand grow steady as rock. Tell is a manly hero, and De Luca sings the great scene in heroic style. There is a fine prolonged high note at the close.

At the Harvard Theatre

Friday and Saturday, April 13th and 14th, Laurette Taylor in "Peg O' my Heart," adapted by Mary O'Hara from the play by J. Hartley Manners, directed by King Vidor. Miss Taylor created the role of Peg in the original stage play, which has been performed more than 15,000 times.

Sunday, April 15th. Did you ever hear of a horse that aids in love making? There is a horse out in California that not only aids his master in affairs of the heart, but actually forces the love campaign to a rapid conclusion. "Tony," the wonder horse of the films, enthusiastically plays his role with Tom Mix in the William Fox production, "3 Jumps Ahead," which is being shown at the Harvard theater.

One of the scenes in this swiftly moving tale of the Western plains calls for some extremely diplomatic work between Tom Mix and Alma Bennett, who plays the daughter of a mining prospector. There had been a misunderstanding which soft words and a sincere apology had not corrected.

Mix and the girl were standing on a small knoll with "Tony" listening attentively just behind his master. The horse lowered his head and butted Tom into the girl. Mix cautioned "Tony" and, moving two feet from the girl, started his explanation all over again. But things were not moving fast enough for "Tony," and he kept butting his master until the couple stood at the foot of the slope. See for yourself.

Monday, April 16th. Jack Holt has been proclaimed the most versatile star in motion pictures. Not only has such an honor been accorded Mr. Holt but he has won it honestly. In his latest six pictures, the Paramount star has played what is believed to be the widest variation of characters ever enacted by one screen actor.

In "The Call of the North," Holt was a fur trapper. In "North of the Rio Grande," he was a cowboy. For "While Satan Sleeps," assumed the role of a reformed crook who became a minister. His character in "On the High Seas" was that of a steamship stoker. In "Making a Man," he was a man of wealth and influence.

To top these off, Mr. Holt is now starring in a famous stage success, "Nobody's Money," which Paramount has adapted to the screen from William LeBaron's play, and which comes to the Harvard theater next Monday, April 16th. In this picture, Holt is a debonair young book agent, a role entirely different from anything he has enacted before. It is through these six characterizations, no two of which are in any way the same, that Mr. Holt has won recognition as the most versatile screen star.

Tuesday and Wednesday, April 17th and 18th. Marion Davies slips from the elaborate costumes of the sixteenth century which she wears as Princess Mary Tudor in the Cosmopolitan picture, "When Knighthood Was in Flower" to the still more elaborate costumes of the seventeenth century for a brief period in her new Paramount-Cosmopolitan picture, "Adam and Eva," which will be the feature at the Harvard theater next Tuesday and Wednesday, April 17th and 18th. An elaborate Venetian fete, at which the guests wear the most fantastic and picturesque costumes, is given by "Eva" (played by Miss Davies) and her sisters.

Miss Davies appears as a seventeenth century maiden in the most stunning costume, made of cloth of silver heavily embroidered in silken designs and precious stones—brilliants, sapphires and rubies. In accordance with the custom of that time, the hair is worn in enormous side puffs, which would put the present day modes in the shade. A small crown and ornamental head dress is worn over the elaborately puffed hair.

A lake on the Marks estate in Stamford, Conn., was dredged on purpose to make the Venice carnival scenes for "Adam and Eva." Gondolas floating about, the masqueraders in their colorful costumes, garlands of flowers, moonlight and music will transport the beholder of this scene into the real poetic atmosphere of Venice. Joseph Urban designed the settings. The picture was directed by Robert Vignola. T. Roy Barnes is leading man.

This Week at the Empress

Unusually good in the world of burlesque is "Town Scandals," with Harry (Hicky) Le Van in the principal role, which is appearing this week at the Empress theater. It is interesting and original with singing of particularly good quality. The dances are cleverly executed.

Mr. Le Van's performance lives up to every promise made for him by his advance press agents. But that is not all. He has strong support on the part of the entire cast, and the show is worked into a unified, well balanced whole.

Next Week at the Empress

For the first time in theatrical history, the Empress theater will show the amusement public, before they invest a penny, just what they have to sell the same as any other merchant displays his merchandise. By courtesy of the City Furniture company, 62nd and Halsted sts., the theater has arranged to have the entire company in full costumes in their windows next Friday evening, from 7 to 8 o'clock, where they will meet the Englewood public, greet it, and tell it about the show, and entertain with a few new song creations.

This is positively the biggest show in Chicago, with a chorus of twenty-four girls and a male chorus of ten. The principals include, Carrie Finnell, soubrette, Miss Jazz herself; Olive Christian, the girl who put "B" in blues; Florence Tanner; Nightingale Dolly Russell, the dancing fool; Mabelle Baker, special attraction extraordinary, George (Hokum) Slocum will do the principal comedy roll with his original tramp antics. Jimmie Parelle, the little banty hebrew; Jay McGee the scrappy little muck, and Bob Gerard the blackface. Bert Williams will furnish the fun, while Lawrence O'Sullivan and Bert Barry do straight and character respectively. There are forty-five real entertainers in all, which we want you to look over and if you don't find the niftiest musical organization you have ever witnessed, keep your money in your pocket.

Englewood Community Center

Sunday afternoon, April 15, the Englewood Community Center will hold an open business meeting.

Besides the usual dancing, Mr. Bernard Rosenzweig, chairman of the educational committee, has planned a comedy debate, which will serve as an unusual form of amusement.

Installation of Officers, Thomas Davis Council, A. A. R. I. R.

The installation of officers of the Thomas Davis Council, will take place on Monday evening, April 16, in Visitation assembly hall, 54th pl. and Peoria st. Prof. Joseph P. Gonelly of the Chicago University will conduct the ceremonies. The officers to be installed are Francis B. O'Gallagher, president; John Casey, vice-president; Neil J. Hayes, financial secretary; Miss Catherine C. Cronin, recording secretary; Mrs. Joseph Malloy, treasurer. A fine musical program will be rendered by Elmer Desmonde, William Tracey and David Donegan. Hamilton Park Branch Library

The spring housecleaning is usually a thing to be dreaded by everyone—the housekeeper who tires herself out cleaning and renovating her house, the children, who are always where they should not be, and the master of the house, who comes home to disorder and meager meals. At this time, as at all times, the Hamilton Park library is anxious to help. The children may come here to read after school and take interesting books that will keep them quiet at home after dinner; the housekeeper may find many helpful books to aid her in decorating and re-arranging her furniture; and the master of the house may be comforted by nourishing meals when he returns from his day's work, if the cook makes use of the library books containing recipes easily and quickly prepared. The following books are a few of the many in the Hamilton Park Branch library that may be used by the homemaker:

Brown's Plain Sailing Cook Book, Clarke's Cook Book of Left-Overs, Durham's Marketing and Housework Manual, Glover's "Dame Curtsey's" Hints to Housewives, Greenough's Better Meals for Less Money, Harris' Florida Salads, Kinne's Home and the Family, Scott's Home Labor-Saving Devices, Hunter's Home Furnishing, Holloway's Practical Book of Furnishing the Small House and Apartment, Kellogg's Home Furnishing, Wright's Interior Decoration for Modern Needs, Dean's Handbook of Furniture Style.

New fiction:

"The Enchanted April," Arnim; "Black Oxen," Atherton; "Alextrau," Brand; "The Shadow on the Glass," Dutton; "The Charing Cross Mystery," Fletcher; "Flesh and Phantasy," Fuessle; "Georgian Stories, 1922," "Futility," Gerhardi; "Middle of the Road," Gibbs; "North," Hendryx; "Homely Lilla," Herrick; "Mystery at Geneva," Macaulay; "Man's Country," MacFarlane; "The Isle of Retribution," Marshall; "Town and Gown," Montague; "Trodden Gold," O'Brien; "McCoy, Incog.," Ostrander; "The Step on the Stairs," Rohlfs; "Mother Machree," Scott; "Voice at Johnywater," Sinclair; "Deadlines," Smith; "Lochinvar Luck," Terhune; "The Pelham Affair," Tracy.

CAN BE CARRIED TOO FAR

Indianapolis Man Satisfied That There Should Be a Limit Placed on Publicity.

A wife, a husband, a lawyer and a young man who had something to do with a publicity stunt have kept a telephone line leading into an Indianapolis theater busy in the last twenty-four hours. Questions put with more than ordinary vigor from a telephone receiver in the northern part of Indianapolis were met at the other end of the telephone with many and devious explanations, and without appeasing the aroused persons until finally the attorney arrived personally on the scene.

The cause of the commotion started when the wife read a note, written in feminine hand, dated Chicago, which began, "My Dear:" and ended, "With love, Mary." The note told of a photoplay "Mary," had seen in Chicago. It urged her friend "My Dear" not to fail to see it, as she had been told it was on view in Indianapolis this week. The wife could not believe it was a publicity stunt. The husband failed in convincing her that "Mary" was not someone whom he had met in Chicago, and the lawyer was pressed into service. Eventually he carried a report back to the wife that convinced her that it was only publicity. The young man at the theater end of the stunt is of the opinion that publicity may be too real.—Indianapolis News.

Fresh Air Cures Colds.

If you have a stuffy head cold, lie down in a room with windows open—covers enough to keep you warm—and consciously breathe deeply for ten to fifteen minutes. Try to fill your lungs from the bottom up, as it were—then force the air all out, and start again. You will find the stuffy feeling vastly relieved. Headaches, that "tired feeling," indigestion, melancholia, constipation, and countless other disorders, may be benefited or entirely relieved—if you will but make a real effort to help yourself!

Without sufficient oxygen we stagnate and become swamped in our own waste products. If you would be well and alert and capable of doing your best day after day—learn to clean your own blood stream by the daily use of air—it's free, too! Just try it.—C. Richmond, D. O., in the Health Bulletin.

Gresham police were called to gather in a bunch of fun (?) loving lads who delighted to climb on the roofs of buildings and pelted decaying fruit and vegetables at passing machines. A fatherly talk from the captain, a reprimand from the lieutenant and a spanking from dad will probably stop further misdemeanors.

Last Sunday evening when the news was broadcasted that the Morgan Park postoffice and the Calumet Trust and Savings bank were burning, it really was surprising to hear this: "Great scot, all my life's savings are located there." It is really exciting to tell about a bank account when an accident happens. However, the bank was duly protected as far as we can learn, but about $15,000 worth of damage was done in the postoffice. Supt. Fred Dayton, assisted by Carrier Koenig, saved the mail and it was delivered on Monday morning, with only an hour behind time. Work has been begun on the burned part and it is expected the building will be ready within a few weeks.

Another Paper for Morgan Park

Morgan Park is to be invaded by a free distribution paper, sponsored by the Blue Island Sun-Standard management, Messrs. Volp, Jones and Clemmons. It will be printed by the Sun-Standard plant, and be distributed Thursdays. The management has made a success of the Blue Island paper, and will make a big bid for Morgan Park patronage.

116,080 Fords For February

With 116,080 Ford cars sold at retail in February, a new record for the shortest month in the year has been established. February sales exceeded those of January by more than 15,000 and marked the eleventh month in which Ford sales have topped the 100,000 line.

This sales record bears out predictions made at the opening of the year that an acute shortage in Ford cars is certain and this shortage is expected to be felt within the next two months with the increased volume of car buying which is always attendant upon the spring months.

Even the high production schedule set at the Ford Motor company's factory here, which will reach 6,000 cars and trucks a day about April 1, will be unable to meet the apparent demand for Ford products.

Anticipating a great increase in the demand for Ford cars during the present year, the factory laid plans for increasing production to the 6,000 car a day schedule and since January first had been constantly speeding up manufacture to reach this figure. Demand so far has been of such great proportions as to absorb nearly all production and stocks in hands of dealers at present are the lowest they have been in months.

February sales of 116,080 cars were made in the face of unfavorable weather conditions in many sections of the country which tied up freight traffic and prevented many deliveries. This was particularly true throughout the northwest, the northern tier of states and the New England states. In California, too, cold weather during a part of the month had its effect upon car sales.

Yet with even these unfavorable conditions, the February sales topped those of January by 15 per cent and set a new high record for midwinter selling.

With February the eleventh month in which Ford car sales have gone over the 100,000 mark, the total for this period is close to 1,250,000 cars.

ANNOUNCEMENT

of Interest to

MILLIONS of FAMILIES

"I will build a car for the multitude"

Said Henry Ford in 1923—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today? Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you to get started toward the ownership of a Ford car.

NEWS

Miss Viola Wojahn and Mr. Fred Rutz were married at the Grace Evangelical church, 61st and Marshfield, yesterday evening.

Send us in your news items, visitors, parties, marriages and every event. We are glad to publish them free, of course.

Mr. and Mrs. Roy Windheim of 6335 Peoria st., who have been spending the past month in Los Angeles, Cal., are expected home this week.

The new alderman, Paddy Ryan, will open an office in the ward where his friends may find him at all times that he is not at the city hall.

The new administration promises to have the streets and alleys cleaned at once. Glad of it, but cleaning will show some mighty bad chuck holes and ruts in the paving.

It is thought that the furnace started the fire in the pool room at 6552 Halsted st. Wednesday. It was necessary to cut holes in the floor and wall to get at the blaze. Considerable damage was done.

Mrs. John Mueller died Friday at her home, 1635 60th st., aged 72 years. Her funeral occurred Monday afternoon from St. Martini's Lutheran church. Interment was at Bethania cemetery.

Genieve Parks died at Tucson, Ariz., Thursday, April 5, and her remains were brought to her former home in Englewood for burial. She was the daughter of Mr. and Mrs. H. F. Parks, and the sister of Robert E., Walter C., and Cecil Parks and of Mrs. A. B. Cookerly. Funeral services were held at Chandler church Wednesday and the remains were interred at Mount Hope cemetery.

Alderman Byrne is sure that the new lights will be put in the district from Garfield blvd. to 69th st., Ashland ave. to Wood st. early in the summer.

A community house for colored people will be erected at 61st and Loomis blvd. soon. A fund of $15,000 is being raised for the purpose, and the Chicago Presbytery has promised to add enough to complete the building and furnish it.

George Boehm was run down by a vampire auto in front of his home, 6154 Halsted st., and in sight of his family Sunday morning. Several motorists gave chase, but the driver escaped. Fortunately someone secured the license number, which was issued to George Razek of 4601 Marshfield ave.

St. Rita to Have New $350,000 Church

On Trinity Sunday, May 27, the cornerstone will be laid for the new St. Rita church at 62nd st. and Washtenaw ave. The plans show one of the most beautiful churches in the arch-diocese, and one that the Englewood district may well be proud of. Archbishop Mundelein will officiate and the address will be delivered by the Rt. Rev. Monsignor Purcell. A large committee under the leadership of Hugh C. Reilly is making the arrangements, and a large parade of all Catholic organizations in the neighborhood will precede the ceremonies. Father J. F. Green, the pastor of St. Rita's parish, has done wonders, not only for his parish but also for the entire neighborhood, by the erection of his churches, halls and college. His congregation, at first very small, has become one of the largest in the city.

Dr. Bruner to Preach

Rev. Frank C. Bruner, chaplain of the Illinois state penitentiary, will preach at Ogden Park Methodist Episcopal church, located at Loomis and 68th st., Sunday, April 15th, in the evening. The chaplain was pastor of this church several years. They have recently completed one of the most attractive churches on the south side at a cost of over $75,000. Rev Albert Bauman is the present popular pastor.

Sherman Park Branch Library Magazines

Magazines. What do they mean to the average man and woman? The most effective way of keeping up with modern thought, scientific, political and literary. The Sherman Park branch of the Chicago Public Library regularly subscribes to between 60 and 70 popular magazines. This means that we have magazines catering to every taste and following every bend of interest.

For the man particularly interested in radio we have Radio News, Science and Invention, Popular Science, and Scientific American, all with scientific explanations of the latest scientific developments and practical applications of these finds.

For items of political interest and information we turn to the monthly Current Opinion, Illustrated World, World's Work and Survey and the weekly Independent, Literary Digest, New Republic and Outlook. These are the outstanding political organs of present political thought, containing articles by men of sound judgment, men who are keenly alive to political possibilities of the day.

A great many people are interested in magazines of the outdoor world and that seems particularly true at this time of the year, so we are glad to inform the reading public that we also have magazines filling this urge. Field and Stream, Sunset, Travel and Motor are the outstanding ones of this group.

Of course these magazines interest women, too, but they have several groups which are particularly their own under which these old standards come, Good Housekeeping, Modern Priscilla, American Cookery, Delineator, Ladies' Home Journal, Pictorial Review, Vogue, and Woman's Home Companion. These need no description. With this group we also want to add, however, House Beautiful, the magazine of house furnishings, house planning and home decoration.

For just good story magazines Century, Harper's, Scribner, Smart Set, American, Everybody's and Saturday Evening Post make a more than fair collection.

For the parent and teacher we have special magazines devoted to child study, education and development. Elementary School Journal, School Arts, Child Life, Little Folk's Youth's Companion, National Geographic and Mentor are magazines that mean a great deal to those interested in child study and education.

There are many other magazines but space only permits the mention of the above. All these magazines may be taken out on a regular library card, and for those who haven't a library card we would suggest their coming to the library to see how very simple it is to get one. There is no red tape connected with it but just the simple signing of an application and guarantee. The child of the house could bring the application home, then the applicant could bring it in, signed, and see what we have to offer.

The library is open from 9 a. m. to 9 p. m. on every day except legal holidays.

HOW WORLD WAS PEOPLED

Comprehensive Expression Concerning One of the Greatest Problems of Anthropology.

Dr. Ales Hrdlicka, the distinguished American ethnologist, contributes to the proceedings of the American Philosophical society an important paper on the peopling of Asia, which "constitutes one of the greatest problems of anthropology." He concludes that the cradle of humanity was essentially southwestern Europe, with, later, the Mediterranean basin, western Asia and Africa. It is primarily from Europe and secondarily from these regions that the earth was peopled, and this peopling was comparatively recent. Early man was unable to people the globe, owing to his insufficient effectiveness, and until the end of glacial times and his old stone culture he had evidently all he could do to preserve mere existence. Only an advance in culture could enable him to control his environment and secure a steady surplus of births over deaths. The cause of man's peopling of the world was not a mere wish to do so, but the necessity arising from growing numbers and correspondingly decreasing supply of food. It was this which eventually led to agriculture. This spreading over the globe was conditioned by three great laws—movement in the direction of least resistance; movement in the direction of the greatest prospects; movement due to a force from behind, or compulsion. —Scientific American.

Naturally Affected Her.

The magnate came home grinning and sat down in a cheerful frame of mind to carve a large roast.

"My private secretary," he announced, "told me today that he is engaged to be married. On his salary the girl will starve."

At this the daughter of the house burst into tears, whereat dad was considerably taken aback.

"Why, what's the matter, daughter?" he inquired solicitously.

"It's me he is engaged to-o-o," sobbed the girl.

Moving.

"The editor of the Tumlinville Torch of Liberty gives his brother-in-law, the Hon. Pete Puterfish, a nice funeral notice, don't he?" asked a neighbor.

"Eh-yah!" replied Gabe Gosnell of Grudge. "He writes durn nigh as pitiful about him as if he had been a good fog."—Kansas City Star.

Ships and Shipments.

Little Johnny was seeking information from his father.

"Father," he asked, "freight is goods that are sent by water or land, isn't it?"

"That's right, son."

"Well, then, why is it that the freight that goes by ship is called a cargo, and when it goes by car it is called a shipment?"

And then Johnny wondered why father put on his hat and sauntered outside to get the air.

Lauds American Colleagues.

"America is ahead of Europe in brain and nerve surgery and the American surgeons work with remarkable skill and precision." Thus speaks Einar Key, head physician of the Mario hospital in Stockholm, and one of Sweden's best known surgeons, upon returning from a three months' trip to the United States, where he had visited leading hospitals and observed the work of the most eminent surgeons.

While in America Doctor Key lectured at a medical congress arranged by the American College of Surgeons in Boston. He visited large clinics in New York, Chicago, Philadelphia, Buffalo, Cleveland, Baltimore, Syracuse and other places. He declares that American hospitals have better laboratory facilities than those in Europe, while he finds the Swedish hospitals, as a rule are brighter and more cheerful than those of America.

SELLING EMPTY EGG SHELLS

How Chinese Boys Make Money When the Fish Are Known to Be in the Hatching Season.

Earning pocket-money by selling empty eggshells is how many Chinese boys add to their savings during the fish-hatching season.

Fish hatching in China is often conducted with the aid of a hen. First, the fish spawn is collected from the water. A quantity is placed in each eggshell, the open end of which is sealed with a special kind of wax. This done, the eggs are placed under sitting hens.

After the third or fourth day each egg is tested. If the hatching is complete the shells are broken, and the spawn is emptied into water and placed in the sun's powerful rays.

Soon the little fish are strong enough to be moved. Their next home is in water a few degrees colder, and this lowering of temperature goes on until they can stand the cold water of the lakes and streams.

The Chinese boy, by selling empty eggshells, earns more money during the hatching season than at any other

SULLIVAN'S SENSE AND NONSENSE

A maiden entered a local car.
And firmly grasped a strap.
And every time they hit a hole
She sat in a different lap

The holes grew deeper, the jerking worse,
'Till at last she gasped with a smile,
"Will some one kindly tell me, please,
"How many laps to a mile?"

An ideal husband is a man who gets his weekly pay every night

It looks as if we will soon have to call them emotion pictures.

Do right and fear no man Yes, and don't write, and fear no woman

Some women are so happily married that they have to go to the theatre for a good cry.

They have established a college at Juneau, Alaska. Will they teach baseball, football or snow ball?

If one man can build a house in twelve days, six men should do it in two days; then if one ship can cross the ocean in six days, why can't six ships cross it in one day?

The knighthood of today doesn't slay dragons to rescue fair maidens, it merely brings in a verdict of "not guilty"

"Mother, what kind of meat is this?" asked Patsy. "It's mutton, dear." "Well, is it just plain mutton or Mutt and Jeff?" asked the little girl who reads the funnies.

Casey has gone into business, and in answer to the usual query "How's business?" "Well, iv course sometimes there do be nothin doin, but other times Oi do twice as much."

Lots of people that laugh when they hear it takes 5,000,000 rubles to buy a pair of shoes in Russia are saving cigar coupons to get a grand piano.

The sweet girl graduate had been home but a few days when she said to her mother. "Yes, I've graduated, but I don't want to lose my interest in my work and I shall try to keep up my psychology, philology, bibli—"

"Just wait a minute, Maria," said her mother in a firm yet kindly voice. "I have arranged a course for you in toastology, boilology, stitchology, darnology, patchology and general domesticology. You might as well begin right now. Get into this blue apron over here and pick over that spinach"

First he installed a new fangied carburetor on his flivver, which was guaranteed to save 20 per cent of the gas. Next came an intake manifold, to save 20 per cent more, a new rear axle, 20; new spark plugs 20; an up-to date muffler, 20, and last of all high pressure cords, same percentage

Now, with an efficiency of 120 per cent he's obliged to stop every 100 miles and draw some gas out of his tank to keep it from running over.

Strange of the thirty-one places that traced dollar passed through in Chicago not one was a church

I heard two laborers who paused in their work of carrying the hod, discussing the money question yesterday, when one asked: "And phwat wud yez do, Fogarty, if yez inherited a million dollars?" Pausing to light his pipe, Fogarty said, "Begorr, the furst thing Oi'd do wud be to buy me a gold thrimmed mahogany hod."

A dear old lady from the country who had had no experience in city auto riding was worried by seeing a chauffeur putting his hand outside to signal, and finally she said to him, "Young man, you just watch where you are driving I'll tell you when it starts to rain"

The wife read to her husband of a new Parisian fad to sew a sachet of perfume corresponding to the flowers in her hat, such as rose, lavender, violet etc Hubby shuddered and exclaimed, "Hully chee! just think of skunk coats being all the rage now"

"You remember that you sold me a horse last week?" said the cabman angrily to the horse-dealer "Yes What about him?" "He fell dead yesterday." "Well, I never!" said the dealer "I told you he had some funny little ways, but I never knew him to do that before."

Pat was serving in the army, and his two companions happened to be an Englishman and a Scotsman. These two gave their Irish friend a lively time with their jokes and teasing. One day Pat was called away, and left his coat hanging on a nail. The Englishman and Scotsman, seeing some white paint near, seized the opportunity of painting a donkey's head on the back of Pat's coat The latter soon returned, and looking first at his coat, and then fixing his eye on his chums, said slowly, "Begorra! and which of you two has wiped his face on my coat?"

A preacher, at the close of one of his sermons, said: "Let all in the house who are paying their debts stand up. Presently every man, woman and child, with one exception, rose to their feet. The preacher seated them, and said: "Now, every man not paying his debts stand up" The exception, a careworn, hungry looking individual clothed in his past summer's suit, slowly assumed a perpendicular position "How is it, my friend," asked the minister, "you are the only man not able to meet his obligations?" "I run a newspaper," he answered, "and the brethren here who stood up are my subscribers, and— "Let us pray" exclaimed the minister

Englewood K. C. 25th Anniversary

Englewood Council No. 324 Knights of Columbus, the oldest council of the order in Englewood, celebrated their twenty-fifth anniversary last week. They attended St. Bernard's church in a body Sunday morning and received Holy Communion, where they filled the north half of the enlarged edifice. They conferred the first degrees on a large class Saturday night, and the second degree Sunday morning and in a joint session at Calumet Club house Sunday afternoon the third degree was conferred. On Tuesday evening a banquet was served at the Hotel Morrison at which half a thousand of the members enjoyed a reunion.

Our Reliable Banks

It is with pleasure we call the attention of our readers to the official statements of our local banks published officially in this issue of the Times. The prosperity of a community may be accurately judged by that of their banks, and as such, there is not a neighborhood in our big city or in the land that may boast of a group of sounder, more reliable and substantial banks, or banks that are more obliging and courteous to their customers. These statements are no advertisements of the banks, but the official statements as accepted by the national and state bank examiners, hence are absolutely accurate and correct. A perusal of their statement will give you the exact condition of your bank April 3 1923

Mr. and Mrs. Bredin to Sail for Europe

Mr. and Mrs. John Bredin who have spent the winter in the south touring many of the states and Cuba, returned from there last week They will sail Monday for England and will meet their daughter Miss Bessie in London in May. Miss Bredin has been in Moscow doing relief work for several years, and will return there after a visit with her parents. Mr. and Mrs. Bredin were among our oldest and most highly respected citizens, and he was almost the pioneer grocer of our town. Robbed Ed Linstrum, the Hatter

Two well dressed young fellows entered Linstrum's store at 5946 Halsted st. Friday morning about 8.30 and while Ed was waiting on them, pointed revolvers at his head, taking away his keys, locked the doors and even let down the awnings, and while one kept him covered the other ransacked his pockets and the stock, securing about $200 worth of men's furnishings, and a like amount in cash. When the mail man came, Ed was told to get the mail, and dodging behind the show cases, escaped, while the robbers gathered up their spoils and sped down the street. The robbers were unmasked but Mr. Lindstrom did not know them, although well acquainted with that district. The police have been unable to locate the robbers as yet.

Who Needs an Invalid Chair?

A friend of the Times has recently buried an invalid daughter who used an invalid chair for the street, and a reclining invalid chair for the house. They are substantial and in good condition. The owner wishes to give them to some deserving poor person, not to an institution or anyone who is able to purchase a chair for themselves. If you know of any such, we will be pleased to give the name of the owner and his address. Ask at the office of Sullivan's Englewood Times.

Magician Thurston at Kiwanis

Last Friday's luncheon of Englewood Kiwanis was an exceptionally enjoyable one, made more so by the attendance of quite a number of ladies. Only three members were absent, two out of the city and another at an important meeting of his company. There was a great improvement in the luncheon and the members showed their appreciation by cleaning the plates. Bill Tegtmeier, who handled the gavel with a wicked swing, cast stunts for several members and made it unpleasantly warm for the delinquents. After the musical program by Ralph Pierce and "Doc" Wahl, the chairman introduced the guest of the day, Mr. Thurston, the nationally known magician and prestidigitator who livened things up by his witty remarks and the wonderfully smooth way he restored stolen watches. Ben Bassford and Joe Huguelet were his first victims, then came Ray Christ and Dr. Hughes seemed embarrassed to find himself laden with playing cards and a bottle of "hootch," but all of these were mere bagatelles compared to the miscellaneous assortment of hardware Dr. Frank J. Norton was loaded with. Quite a number of fines were levied, but the merriment was uproarious at times notwithstanding the penalties

AT MONDAY'S MEETING

The first time the Kiwanis met on Monday, they drew a full house and only two members were absent and unaccounted for, and possibly one of these may have attended another Kiwanis meeting elsewhere. As the acting sergeant at arms claimed that they had not had anything to eat at luncheon for the past five weeks, the chairman appointed Kiwanians Penhallegon, Schultz and Reynolds to act and the way they assessed and collected fines would suggest that they had at one time run the contribution box at a colored camp meeting The attendance prize was awarded to J. A. Bishop and he carries an I. O. U. on Will Monahan for $5. Frank Walsh was granted the privilege of providing the attendance gift for the next meeting. Ray Ballantine lead the singing in a revival of old time songs which was enjoyed heartily. The chairman introduced the speaker of the day, Dr Allison A. McCracken, pastor of the Gresham Methodist church, who spoke on "The Man of Today." It was an able and eloquent effort and appreciated by the members. Gerald E. Sullivan presided at the meeting with his usual grace and modesty, and handled the gavel like a bungstarter at a Democratic primary

Englewood Business Men's Meeting

The luncheon of the Englewood Business Men's association last Thursday at College cafe was one of the best meetings the organization has held. The O'Leary orchestra enlivened the occasion by music that put life into the boys. "Doc." Price could not resist giving a soft shoe clog as they discoursed "Turkey in the Straw," and the Irish jig by the two little ladies of the orchestra, one playing the violin, the other a mandolin, was an added feature. Signor Edwardo Doughetyto led in community singing and a selected quartette won applause by quitting. President Clarence Rosen introduced our old time Englewood friend from west Englewood, William P. Knoche, who, in turn, introduced the speaker of the day, Nelse Darling, one of the most eloquent and interesting lecturers on the platform, who spoke on "The Citizen and His Community." Every citizen of Englewood should have heard this speech; it was loudly applauded and the association will welcome Mr. Darling any time his date may be secured. His talk is pertinent and strictly up to the minute.

Merchants and members who miss these meetings are doing themselves an injustice, as they are good, wholesome reunions of old friends, and speakers are always on hand who have a message to impart that all should hear. Come next Thursday sure.
